

Dear Sir or Madam,

I'm writing in response to the radio station K-LOVE. It is Gods network and I would like to tell you how it is impacting our community here in southern oregon. It restores a hope that has been lost for quite some time now. It motivates people to do the right thing and help and love others in a way that words cannot describe. It serves me in listening to Gods message everyday which in turn helps the masses as I work for God himself. I am one of his messengers and I ask you to please go inside your heart and listen to that little voice that you have been ignoring for too long now. As that little voice will never lead you astray but will lead you home. Please, please keep K-Love on the current FM transmitters. I ask you to please talk to God before you make your decision. You will hear HIM, I promise you that. Or ask his angels to help you understand what an impact His station has on the world. As I am one of them. I know that you will make the right decision. God bless you and the world. And remember change starts with one person at a time and that is who you see in the mirror every day. God loves you all.

Thank you. Stefania
